

BURNBANKS

MODEL SETTLEMENT

ACKNOWLEDGEMENTS

The Burnbanks history project came about because of the imminent redevelopment of the site involving the demolition of all the remaining original houses. We are very grateful for the award of a Local Heritage Initiative Grant to support research, exhibitions and an interpretative panel at the entrance to the new village of Burnbanks.

Thank you to all those who told us their stories, shared their memories and helped us to rediscover the disappearing world of Burnbanks. Thanks also to libraries in Bampton, Penrith, Kendal and Manchester.

Valuable help from United Utilities is also gratefully acknowledged.
